

Keeping the Promise for California's Future

California independent, nonprofit colleges and universities provide abundant enrollment opportunities throughout the state. These locations range from traditional main campuses to branch campuses. Undergraduate enrollment ranges from as few as 60 to over 20,000, with both traditional and nontraditional student bodies.

The ICCU commitment to California students is exceptionally strong - over 70% of ICCU undergraduate students are California residents.

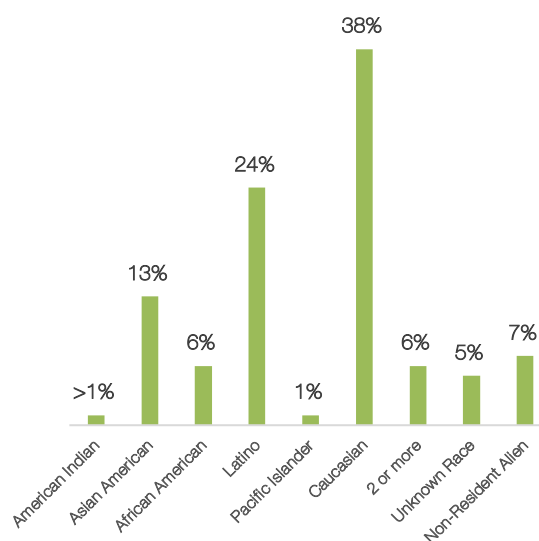

ICCU institutions also demonstrate a commitment to diversity of its students. Over 60% of AICCU students are of an ethnic background other than Caucasian.

California 4-year Undergraduate 12-month Enrollment

ICCU institutions enroll over 188,800 undergraduate students, or 22% of California's 4-year undergraduate population.

Enrollment by Ethnicity Undergraduate 12-month Enrollment

ICCU's shared commitment to educational opportunity will benefit California.
