

## Keeping the Promise of Access to Undergraduate Students

In 2015-16, across the nation, there were over 26.3 million students enrolled in degree-granting, postsecondary institutions (all sectors). California enrolled over 3.6 million students—or 14% of all students nationally.

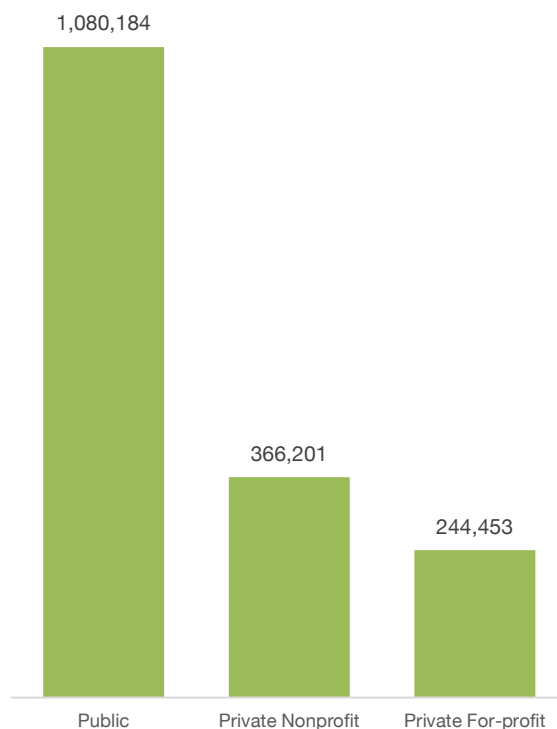

Of the 4-year institutions, nationally, private nonprofit institutions enrolled 29%, and the public 4-year institutions enrolled 61% of students. The remaining 10% were enrolled in private, for-profit institutions.

National 4-Year Institution Enrollment by Sector

Of the 4-year institutions in California, independent, private nonprofit institutions enrolled 22% of all students, while the public 4-year institutions enrolled 64%. For-profit institutions enrolled 14%.

California 4-Year Institution Enrollment by Sector

California's independent, nonprofit colleges and universities are dedicated to providing affordable access.
